Við höfum ekki gert þetta áður, svo við þurfum að byrja á að setja upp nýtt veski þetta er aðeins gert einu sinni

We have not done this before, so we start by creating a new wallet
This is only done once

Búum til nýtt veski í fyrsta sinn (seinna opnum við bara þetta sama veski)

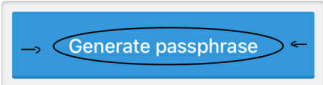

Make a new wallet for the first time
(next we just open the same wallet)

20

Veskið býr til leynifrasa fyrir okkur
The wallet generates a passphrase for us

We're about to generate your very own passphrase
This keeps your account secure, and lets you open your wallet on multiple devices. It's very important you write this down.

Go back

Leynifrasinn gerir okkur kleift að nálgast veskið á hvaða tæki sem er

The passphrase makes it possible to access the wallet on any device
